

Dear Parent:

We would like to continue the practice of encouraging students to read books appropriate to their reading level during the summer. Fourth graders are required to read four **chapter** books, each with a **minimum** of fifty pages. The students should read books from the following categories: mystery or adventure, a biography, and two selections of their own. I also suggest that students enter a summer reading program at a local library to further enhance their reading skills. Please complete the form below and return it during the first week of school.

In His service,  
Mrs. Weferling
